## Greek Men Announce Ticket

### Conference Meetings Start Today

#### Conservation League Delegates Will Hear Simmons, Spaulding

Montana's conservation problems will be discussed at a series of meetings today at the Northwest Conservation League conference being conducted in the Forestry and Student Union buildings on the campus.

Speakers will include Dr. George Finlay Simmons, who will offer greetings to the group and T. C. Spaulding, dean of the Forestry school, who will speak on Montana's forest conservation agencies.

The conference, which is to begin at 1:15 o'clock at the Forestry building, will consider problems of soil and water conservation, forest conservation and management of Montana forests. The night session, which will be in conjunction with the Montana Mountaineers and the Missoula Audubon society, will feature wildlife and recreational problems of Montana.

### Convocation Is Discussed by Campus Group

Campus Congress speakers discussed the advisability of having weekly convocations last night in the Bitter Root room of the Student Union building. The Public Exercises committee last quarter decided that spring quarter convocations would be bi-monthly instead of weekly.

John Toole, Missoula; Josephine Maury, Butte, and Bob Fletcher, Helena, chairman of the convocations committee, spoke on the program broadcast over KGVO. Walter Niemi, Butte, was chairman. Wanda Williams, Boulder, is Campus Congress director.

Arguments against weekly convocations stressed poor attendance, time taken from class work and the fact that a week is not enough time for students to prepare adequate programs. Speakers defending the weekly assemblies said they fostered general unity and school spirit in the student body, that they were popular with the students and that announcements and appeals could be made more effectively at weekly convocations than in any other way.

### Mavericks Invite Students to Mixer

Independents are invited to a Maverick mixer at 7:30 o'clock Monday in the Bitter Root room, Hazel Haydon, Missoula, social chairman, announced yesterday.

Guests will dance to radio-phonograph music. Refreshments will be served after a short program.

### Bennett Entries Are Due May 6 Instead of April 6

Closing date for entries in the Bennett essay contest is May 6 instead of April 6 as was previously announced, Guy Fox, instructor in political science, said today. Essays must be given to Dean Burly Miller by that date.

Length of the manuscripts should be approximately 2,000 words, Fox said. Prizes of \$25 and \$10, proceeds of a \$500 endowment, will be awarded for the two best essays by any regular undergraduate students of Montana State university on some topic pertaining to good government.

Awards are made upon the recommendation of the Department of History and Political Science. No prize will be given, however, should the judges decide that no essay is worthy of recognition. Faculty judges will be announced soon, Fox said.

### Art Students To Illustrate Magazine

An art class under the direction of Aden Arnold, art instructor, is now working on illustrations for several stories to be run in the spring Sluice Box, Editor Bill Nash reported yesterday.

"With the whole-hearted co-operation of the art department, we feel that our illustrations and drawings will show a decided improvement," he predicted.

For the first time the magazine will include a block print on an inside page. Run in this edition as an experiment, the editor promises that the use of linoleum cuts will become a permanent feature of Sluice Box if this print proves successful.

This type of art-work will make greater versatility in technique and composition possible. Only simple line drawings could be accepted before.

### Registration Totals 1846

Thirty-one more students registered spring quarter in 1940 than in 1939, the president's office revealed yesterday. Gross enrollment this quarter is 1846 as compared to 1813 last year.

Although the quarter's registration shows an increase, the gross figures for the year are five less than last year's total of 2196. The president's office explained this by the fact that more special students enrolled last year. Full-time registration this year is greater, officials pointed out.

Of the total this quarter 1114 are men and 732 women. Thirty-eight students not in attendance for the first two quarters registered this quarter. Of the latter 13 are new students and 25 are former students.

### "High Tor" Favorably Received

Director Larrae Haydon's staging of "High Tor" by Maxwell Anderson was enthusiastically received by a large audience in the Student Union theater last night. Audience reaction was favorable toward the acting and style of presentation.

The curtain will open at 8:15 o'clock tonight for the second performance on the campus. Students may obtain tickets for the performance at the Student Union business office.

Sam Parker, Butte, played the male lead of Van Van Dorn making his second appearance in a leading role for this year. Gay Kelly, Butte, was cast as Lise. Judith Hurley, Lewistown, appears as Judith, Van Dorn's sweetheart.

Other members of the cast included Harold Schecter, Missoula, and Charles Lucas, Lewistown, as Skimmerhorn and Biggs. Manzer Griswold, Townsend, played DeWitt; John Metcalf, Kalispell, played John, an old Indian. Frank Stanton, Missoula; Bob Warren, Glendive, and Byron Hurley, Malta, were Elkus, Dope and Buddy respectively.

Warren Harris, Underwood, North Dakota, and Jerome Anderson, Billings, played Patsy and Budge. Leon David, Lewistown, appeared as Skimmerhorn, Sr. Joe Gash, Helena, played Captain Asher, and James Bennett, Helena, was Pieter. Stan Halvorson, Scooby; Everett Morris, Billings, and Howard Golder, Missoula, appeared as members of the ship's crew.

### Board Proposes Addition of Two Student Members

Store board, governing body of the university co-operative Student Store, recently moved to increase its number by two student members, according to announcement made by that group.

In order to authorize such action, it is necessary to amend the constitution and by-laws which now limit the Store board to two faculty members and three student members. Ballots will be distributed at convocation Friday, April 12, so that students may vote for approval or rejection of such an amendment.

The board wishes to remind the student body that the Student Store is a corporation in which all regularly registered students of the university are stockholders. Since a two-thirds affirmative vote is necessary to amend the constitution, all students are urged to attend convocation next Friday. If the amendment is favored, two additional student members will be elected at regular spring elections.

Present student members of the board are Vivian Hilden, Glasgow; Walter Krell, Berkeley, California, and Norman Nelson, Anaconda.

Allison Vinal, '39, business administration graduate, is now working in San Francisco.

Ward made no application for bail but was granted leave to apply at a later date. He remains in the custody of Sheriff A. W. Sholmon.

### Interscholastic Sales Announced

Signatures on petitions authorizing a \$1 deduction from the \$10 general deposit fee for student track meet tickets total 625, Carter Williams, Boulder, ASMSU business manager, announced last night. Tickets may be obtained by signing the official petition at the Student Union office, Williams said.

Five hundred dollars of the money collected will go to the Interscholastic Track Meet committee, the balance to Central board to be appropriated to campus organizations.

Students who signed the original petitions circulated by the Kaimin staff but failed to sign the official petition will not have the dollar deducted from their deposit.

The track meet ticket, which regularly sells for \$2, will admit students to all track and field events, tennis and golf tournaments and preliminary declamation and debates. If the \$10 deposit has been depleted at the end of the spring quarter, no charge will be made for the ticket.

## Upperclassmen Want Courts Reserved for Them

Last week Central board proposed that four new tennis courts be constructed and that the old courts be reconditioned, with the cost being taken from the ASMSU Reserve Fund corporation. As a whole, the students of the campus seem to be in favor of the proposal and there are many who express the idea of an amendment to be added, which would state that at least four of the courts be reserved during week-days for upperclassmen.

The need for the amendment, as voiced by the students, is that tennis classes in physical education take up all the courts during week-days and it is only in the evenings and on week-ends that other students are able to use the courts.

The belief of these students is that they pay for the upkeep of the tennis courts as well as the students taking physical education and that they should have equal opportunity to use the courts. Their argument does not seem at all unreasonable because the tennis classes do take up the courts from 9 to 12 o'clock and 2 to 5 o'clock on week-days. This leaves only three or three and one-half hours for 1800 students to use the courts on week-days.

When Central board meets again, it should consider this argument that is being voiced by many students, because they do help pay for the upkeep of the courts and are entitled to the same privileges as students in the tennis classes.

Gustafson will also be in charge of arrangements for a series of bridge parties to be given in the Student Union building during the quarter.

## The 1940 Spring Grid Census

The following is a brief report between Doug Fessenden and the census taker. These facts are supposed to remain a secret, so it's presumably safe to run them in this column.

CT: Hello, Doug. How old are you?

Doug: My age varies. Right now I feel rather old.

CT: How many in your spring football family?

Doug: Hardly enough to bother counting.

CT: What's a conservative estimate?

Doug: If I said 30 I'd be doing some wishful thinking.

CT: Have they all got a fairly decent education?

Doug: No. Most of them are frosh.

CT: What's this "jump shift" they're talking about?

Doug: Who's talking about it?

CT: Let me ask the questions here.

Doug: Well, this new shift will—

CT (About 15 minutes later): I don't think the government would follow it.

Doug: I hope our opponents

won't, either.

CT: How does the team look to you?

Doug: I don't know yet, I've only had dummy scrimmage.

CT: How many dummies have you got?

Doug: I don't know that, either. I've only given them a few plays to learn.

CT: How do you think the reserves will look next year?

Doug: After I pick the first team, he'll probably look pretty good.

CT: How do you account for the shortage of backs?

Doug: So you've noticed it, too?

CT: Did the government make you decrease your squad?

Doug: No. Athletic board did.

CT: What do you think of Roosevelt's running?

Doug: I think Reagan and Fiske will run better.

CT: How many games do you think Montana will win this year?

Doug: We should beat the Aggies again.

CT: What are you going to use for a punter?

Doug: You'll have to wait until it's fourth and ten before I can answer that one.

CT: Where are your squad's weakest spots?

Doug: Rhinehart tells me it's their knees.

CT: How do your tackles look this year?

Doug: I don't know. Most of them are out for track.

CT: When are you going to start

scrimmage?

Doug: As soon as I can find 22 men.

CT: Well, this should do until 1950.

Doug: Oh, I hope things pick up before then!

CT: So long, Doug.

Doug: I haven't told you my age yet.

CT: Wait until after the first scrimmage. You'll probably want to add on about 10 years.

The School of Music does not arrange rooming facilities and this action is voluntary on the part of the fraternalities and sororities, Crowder said, and is greatly appreciated.

All members of the Fencing club who have earned their points will meet at 4 o'clock this afternoon in the women's gym.

HERE THEY COME in a hurricane of flying dirt and squirting oil. You can almost hear the high whine of the motors and the shriek of brakes and burning tires as they streak into the sharp unbanked curves. They may call 'em "midget racers," but there's *speed to burn* underneath those toy-like hoods. Leading the pack in the picture above is Bob Swanson, Pacific

Coast champ. In a split second these racers may be climbing each other's hoods, hurdling, somersaulting, flying through fences. Bob Swanson likes a slower pace in his off-time. Fishes a lot. Smokes Camels a lot. He explains: "I don't like overheating in my cigarette any more than I like it in a racing motor. I stick to Camels. I know they're slower-burning... milder and cooler."
